

The Mobile App for Local Authority Enforcement Teams

LoCTA GO enables enforcement teams from an Authority to check the identity of a person committing a violation, as it happens.

Names and addresses of offenders can be instantly cross checked and verified to allow the violation to be issued and notified to the office in real time.

The LoCTA GO mobile app includes interactive maps to allow the exact location to be recorded and filed as part of the violation.

One license provides unlimited access for unlimited users across your Authority.

- Mobile app
- Instant ID verification
 - Interactive maps
- Field-to-office integration
 - One licence
