

Business Information via the LoCTA Hub

Using the LoCTA Hub provides access to business records from Local Authority NDR data, Companies House, Open Banking and Commercial Credit Reference Reports.

Business Rates data within the LoCTA Hub can be used by departments such as NDR, Grants, Fraud and Procurement and:

- Contains over 8 million Local Authority Business Rates records
- Includes Companies House information
- Provides access to Council Tax data to check for a charge payer's name and to check mixed use properties
- Provides a weekly SBRR/SBBS Alert with analysis which shows when a new SBRR/SBBS claim has been made by a company that is already in receipt of it
- Provides a weekly Dissolved Companies Report which shows where a business in your area has entered into liquidation or receivership or has been dissolved. The alerts will allow you to know your high street in order to:
 - monitor companies in difficulty
 - claim any debt owed
 - remove businesses from your lists before unnecessary arrears are incurred
 - ensure that your billing for the year is accurate
 - prevent unnecessary visits on uncollectable debts
- Provides access to
 - Commercial Credit Reference Reports
 - Open Banking
 - Bank Account Verification reports
