

LOCTA HAS THE *POWER*

To... give you efficient email address and telephone number searching

If you have a debtor's email address or 'phone number, you have all you need to search the LoCTA Hub.

People tend to keep the same email address and 'phone number for years, making this information a great unique identifier in Local Authority data.

Simply add the email address or 'phone number to the LoCTA Hub's Quick Search, shown below, and within seconds find where your debtor is located.
